Examiner acknowledges receipt of two months extension of time and Amendment B with attachments filed on 4/11/02.

The 112 (second paragraph) rejection for claims 1,6,47 and 93 have been overcome.

Claims 1,3,5-11,47 and 93 have been amended and new claims 94-97 have been added.

Claims 1-97 are pending in this application.

Claim Rejections - 35 USC § 103

Claims 1-93 and new claims 94-97 remain rejected under 35 U.S.C. 103(a) as being unpatentable over Bohn ('206) in view of Friedman ('737).

Response to Arguments

Applicant's arguments filed 4/11/02 have been fully considered but they are not persuasive.

Applicant argues that in any event, the compositions disclosed by Friedman et al. appear to be intended for use in the oral cavity, and do not contain glycerol or antifungal agents. Friedman et al. disclose the possibility of using glycerol, among many other possibilities, as a release adjusting agent. Friedman et al. also describe glycerol as a demulcent/humectant in concentrations of about 1% by weight. Friedman et al. do not provide any motivation or suggestion for using their sustained-release system in a nail varnish which would be more effective in treating nail fungus by trapping and

maintaining water in contact with the nail and thus increasing the penetration and efficacy of an antifungal agent.

In response to applicants' arguments, future-intended use is not critical in a composition.

Therefore, the rejection set forth above is maintained for reasons of record.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
